- ✶ Foundation stones were laid by Hon'ble Chief Minister of Tamil Nadu on 15.10.2012, for Rose Garden and Cut Flower Demonstration Unit (Rs.3.5 crores) at SHF, Kodaikanal, Eco Park (Rs.4 crores) at Kanniyakumari and Development of infrastructure facilities (Rs. 2 crores) at HTC, Thally in Krishnagiri District.

STATE HORTICULTURE FARMS

- ✶ 350 lakh Pedigree planting materials were produced in the State Horticulture Farms and distributed to farmers under various Horticulture Schemes.
- ✶ Modernization of State Horticulture Farms and increasing the efficacy in use of Farm land schemes were launched by Hon'ble Chief Minister on 15.10.2012 at a cost of Rs.14.23 crores.
- ✶ Under TN IAMWARM PROJECT, an area expansion of 16,405 acres was covered out of the target of 20,455 acres at an outlay of Rs.9.60 crores.
- ✶ At an outlay of Rs.7.64 crores, a record 16,980 acres was covered under the above project.

TAMIL NADU HORTICULTURAL PRODUCERS CO-OPERATIVE ENTERPRISES LIMITED (TANHOPE)

- ✶ Inputs worth Rs.95 crores were procured for distribution to farmers under various schemes.

Engineering

- ✶ The Agricultural Mechanisation Programme is being implemented to reduce the problem of shortage of agricultural labourers. Subsidy assistance of Rs.116.22 crores has been provided to farmers for the purchase of 60,928 numbers of agricultural machinery and implements.
- ✶ Demonstrations of Agricultural Machinery and Implements were conducted in farmers fields at a cost of Rs.18.47 lakhs. Training programmes were conducted for farmers in handling and maintenance of Agricultural Machinery / Implements at a cost of Rs.31.85 lakhs.

- Training programmes have been conducted for 554 rural youth, in operation and Maintenance of Agricultural machinery / implements at a total cost of Rs.73.90 lakhs.
- Soil and water conservation programmes were implemented in River Valley Catchments, Hill areas, Tribal areas, Western Ghat areas with the main aim of controlling soil erosion, protecting agricultural lands from degradation and conserving soil fertility by improving soil moisture to increase the productivity.
- Soil and water conservation works have been completed in 68,602.5 acres and 5,168 structures have been constructed at a total cost of Rs.49.71 crores.
- Under the improvement of irrigation areas and water controlling system in the irrigation areas of 10 districts, farm improvement scheme activities were executed in 1,11,685 acres at a cost of Rs.111.90 crores.
- 1,235 Rain water harvesting structures were constructed at a cost of Rs.30.30 crores.
- Micro Irrigation works in 46,412.5 acres, 453 farm ponds, 658 water harvesting structures and PVC pipe laying works were completed at a cost of Rs.71.17 crores under TNIAMWARM Project.
- Tractors, Bulldozers and Combine harvesters were hired out to farmers for taking up ploughing for 3,33,678 hours, land development works for 1,79,182 hours and paddy harvesting for 33,826 hours under land development scheme.

Agricultural Marketing and Agriculture Business

- The pledge loan to farmers in Regulated markets was increased from Rs.1 lakh to Rs.2 lakhs.

* A sum of Rs.127.60 crores has been sanctioned for construction of 88 modern godowns in Regulated Markets under Rural Infrastructural Development Fund (RIDF)

* A sum of Rs.22.26 crores under RIDF has been sanctioned for construction of 70 cold storage units in Regulated Markets.

* For creation of infrastructure facilities and organizing capacity building programmes, Rs.22.38 crore has been allocated under TN-IAMWARM project.

* A sum of Rs.35.90 crores under NADP has been sanctioned for establishment of market complexes and cold storage units exclusively for vegetables, fruits, tamarind, chillies, lemon, grapes and banana in selected districts.

* To disseminate crop advisory and market intelligence to farmers through Agro Marketing Intelligence and Business Promotion Centre in Tiruchi, Rs.1.17 crore has been sanctioned.

* MoU has been signed with APEDA for establishment of Cold Storage units in Oddanchatram Market Complex, Villupuram and Tindivanam Regulated Markets at a cost of Rs.1 crore with 75% financial assistance from APEDA.

* A sum of Rs.22.30 crores under NADP has been sanctioned for strengthening of existing market infrastructure and computerization of Regulated Markets/

* To promote food processing, Rs.10.40 crores has been sanctioned to implement the National Mission on Food Processing with subsidy pattern of 75:25 from Central and State Government respectively.

Department of Sugar

* The Government of Tamil Nadu introduced the novel technology "Sustainable Sugarcane Initiative" to double Sugarcane Production

to 1,000 lakh Mt. The scheme is being implemented from 2011-12 for the benefit of the cane growers.

- For 2011-12, Rs. 500/- lakhs was allotted for installation of 1,000 shade nets to raise bud chip seedlings and cultivate in 7,500 acres under sustainable sugarcane initiative programme.

Department of Seed Certification

- Seed farms of 2,37,195 acres were registered under Seed Certification as against the target of 2,81,250 acres and 1,83,234 Mt. of seeds were certified as against the target of 2,00,000 of Mt.
- A historic achievement : one lakh and two thousand metric tonnes were certified.

Seed Quality Control

- Seed selling point inspections of 1,30,715 numbers were carried out as against the target of 1,35,500 numbers and 1,12,707 seed samples were drawn for quality checks as against the target of 1,30,500.
- 24,013 seed lots were found sub standard and a quantity of 2,075 Mt. of seeds worth Rs.966 lakh were stopped from being sold to the farmers.
- 738 cases were filed in a court of law against the defaulters and 602 cases have been disposed in favor of the Government.

Seed Testing

- 1,78,723 seed samples were analyzed for seed quality aspects as against a target of 1,72,500 and the results declared.
- All the Seed Testing Laboratories were provided with new computer facilities at Rs. 21.58 lakhs.

- For seven existing seed testing laboratories, the DNA Finger Print Laboratory and the Bt Toxin testing Laboratory were provided with the latest equipment at a cost of Rs 90.95 lakhs.
- Construction of a new Godown and the inner wall of the open well and strengthening of the irrigation facilities at a cost of Rs. 26 lakhs were carried out at the Genetic Purity Testing Farm situated at Kannampalayam, Coimbatore.
- All the Seed Testing Laboratories were updated with the latest equipment.

Training

- To encourage Certified seed production, and to create awareness on the use of quality seeds, 93,220 seed producers, seed dealers and seed farm growers were trained in Seed Certification and Quality Control aspects as against the target of 85,800 persons.
- Under ATMA scheme, training programmes have been conducted for Seed Producers and seed dealers at a cost of Rupees 57.25 Lakhs to improve technical competence in seed production and distribution.

Organic Certification

- Under Organic Certification scheme, 42,197 acres of farm lands have been registered under Organic certification as against the target of 60,500 acres.
- Seven numbers of GPS System, Class III digital signature with password and allocation of a digit Gs1 India company prefix number (1000 SKUs) have been purchased at a cost of Rs 1,60,000/-.
- This will serve the purpose of issuing of scope and transaction certificates to eligible farmers under Organic Certification.

Tamil Nadu Watershed Development Agency

Integrated Watershed Management Programme (IWMP):

- ✶ IWMP programme is being implemented in 1993 watersheds of 24 districts for a scheme period of 7 years from the year 2009-10 with Centre & State share 90:10.
- ✶ An area of 2,85,452.5 acres was developed at a cost of Rs.16,200.95 lakhs.
- ✶ Under Land Developmental activities, works such as Land Levelling, Summer Ploughing, Field Bunding and Retaining Wall were carried out in 3,907.5 acres. Under Water Resource conservation activities 1,160 Works, 2,969 Farm Ponds, 596 Cattle Ponds, 2,308 Sunken Ponds, 6,531 Check Dams & Loose Rock Check Dams and 1,165 Tank Renovations have been carried out. Under Plantation activities, 20,212.5 acres have been covered under fruit tree plantation, Social Forestry and Fodder Development.

Drought Prone Areas Programme (DPAP):

- ✶ This scheme is being implemented in 17 districts in 1,222 watersheds.
- ✶ 1,37,745 acres have been treated at a cost of Rs.34.44 crores.
- ✶ Under Land Developmental activities, works such as Land Levelling, Summer Ploughing, Field Bunding and Retaining Wall have been carried out in 488 acres. Under Water Resource conservation activities, 539 Percolation Ponds, 1,092 Farm Ponds, 284 Cattle Ponds, 124 Sunken Ponds, 969 Check Dams & Loose Rock Check Dams and 354 Tank Renovations have been carried out. Under Plantation activities, 14,147.5 acres have been covered under fruit tree plantation, Social Forestry and Fodder Development.
- ✶ IWDP scheme is being implemented in non-Drought Prone Areas Programme blocks in 24 districts in 910 watersheds.

* An area of 1,06,935 acres wasteland was treated at a cost of Rs.23.53 crores to convert it into cultivable land.
* Under Land Developmental activities, works such as Land Levelling, Summer Ploughing, Field Bunding and Retaining Wall were carried out in 2,237.5 acres. Works on 841 Farm Ponds, 80 Cattle Ponds, 660 Sunken Ponds, 903 Check Dams & Loose Rock Check Dams and 396 Tank Renovations were carried out. Under Plantation acitivities, 31,180 acres were covered under fruit tree plantation, Social Forestry and Fodder Development.
* In 18 districts, National Watershed Development Project for Rainfed Areas (NWDPRA) is being implemented in 200 watersheds.
* Rs.17.78 crores has been spent for treating 74,082.5 acres. Water Resource developmental works such as 320 Farm Ponds, 540 Percolation Ponds and 200 check dams were carried out.
* 155 watershed projects are being implemented in 25 districts by 77 NGOs with Watershed Development Fund assisted by NABARD (including Pilot Project for Integrated Development Districts).
* In the past two years, 10,147.5 acres have been treated at a cost of Rs.3.38 crores in 34 watersheds in 13 Districts.
* Area development was carried out in 3,975 acres, 360 farm ponds were created and 675 acres covered under plantation activities.

Watershed Greening Project

* Watershed Greening Project implemented in Tamil Nadu for the first time. Rs. 1.44 crores has been released.

Tamil Nadu Agricultural University

* For the first time in the country, a new Horticulture College and research Institute exclusively for women was established at Navalur Kuttappattu in Srirangam Constituency, Tiruchi, at a cost of Rs. 40 crores.

Management of invasive Papaya mealy-bug

- ✶ Outbreak of papaya mealy bug, Paracoccus marginatus caused damage going upto 90 per cent.
- ✶ Management of this pest through classical biological control by importing parasitoid viz., Acerophagus papaya from USA through NBAII (National Bureau of Agriculturally Important Insects), ICAR, Bengaluru proved to be effective. So far about 35 lakh parasitoids have been produced and released by TNAU. By this, Rs. 435 crores worth of agricultural produce was saved. Rs. 265 crores worth of pesticides was not used. The environment has also been protected by the release of parasitoid.
- ✶ Community Radio is an effective medium for transferring location specific farm technologies to farmers on a larger scale. Tamil Nadu Agricultural University has proposed setting up Community Radio stations in 28 districts at an outlay of Rs.14 crores. Weather conditions, daily market prices of agricultural commodities, success stories of farmers and advice of farm scientists on different cropping patterns will be covered apart from environmental protection, health, education etc.

Awards conferred to Tamil Nadu Agricultural University

- ✶ Best Agri Business Directorate 2011 by National award for Network of Indian Agri Business incubators (NIABI).

Krishi Shiksha Award
